The new transfer student program runs concurrently with the new freshman program. While some events intentionally separate new freshmen and new transfer students, most Orientation events are designed for all incoming students. We encourage your participation. Whether it's an academic enhancement workshop, administrative welcome, or a social event, we'd like to see you there!

Resource Center
To assist you in accessing services to complete the enrollment process, we are providing a central location for **Student Accounts, Financial Aid, Health Services, Housing, Disability Services, and Admissions** on Friday, August 14th and Saturday, August 15th. Representatives from these offices will be available to assist you with your questions. Please refer to the Orientation schedule for times and specific locations for offices.
