### *Scholarship Description*

The Institute for Shipboard Education (ISE) and the Tom Joyner Foundation (TJF) are pleased to offer up to four full scholarships for fall or spring Semester at Sea voyages. **Fall voyages** are typically our longest of the year. Our floating campus will sail 27,500 nautical miles in completing a full circumnavigation of the earth. This truly global itinerary touches four continents and transits the Panama Canal. The **spring around-the-world voyage** begins with a trek 900 miles up the Amazon River to the center of the South American continent. Participants will examine globalization and its implications while investigating 14 international destinations. All participants receive a full semester's worth of undergraduate credits from the **University of Virginia**.
