

II. Student Body

The majority of Xavier students are enrolled in the College of Arts and Sciences as full-time students, (See Tables 7 – 8). With 38 undergraduate majors ranging from art to biology to political science to theology, 2,549 of the enrolled 3,391 students this fall, or 75.2. %, were undergraduate students in A&S. Xavier’s Graduate programs, within the College of Arts & Sciences, focuses on the Counseling, Education and Theology disciplines. This fall there were 207 students enrolled in its programs. More specifically, there are 4 graduate concentration areas that consist of 7 majors in the Division of Education. Xavier’s College of Pharmacy offers the Pharm. D. (Doctor of Pharmacy) degree. With the only Pharmacy school in southern Louisiana, the Pharmacy program currently enrolls 635 students. The remaining student body is made up of students from Concurrent Admissions students (qualified high school students who are advancing their college careers) and Consortium students (students at local universities who are taking a limited number of courses at Xavier). Although Xavier is open to students of all racial, ethnic and religious backgrounds, the University is a historically Black Catholic institution, and the ethnicity of its student body reflects that history. As shown in Table 9, 74.9% of the student body is African–American, 10.7% is Asian, 5.4% is white, and 2.4% is Hispanic.

Tables 10 – 13 indicate specific enrollment distributions for the undergraduate disciplines/majors for the College of Arts & Sciences. Tables 14 – 19 indicate specific enrollment (student level, race/ethnicity, and enrollment status) distributions by disciplines/majors for the Division of Education, College of Pharmacy, and the Graduate programs, respectively.

Xavier’s students come principally from Louisiana; 58% of the student body is from this state. Other states with large representation include Texas (7.5%), Georgia (4.9%), California (4.2%), Illinois (3%), Mississippi (3.2%), and the District of Columbia/Maryland (1.8%). Non-resident aliens account for 2.8% of the student population. Enrollment origins from 2006 to the present are shown in Table 20. Table 21 shows the representative religious denominations of the student population.
