

Worksheet for Premeds at Xavier University of Louisiana

Evaluation of Spring Premed Workshops

This evaluation is to be completed by freshmen and turned in before leaving the last workshop in the Spring term. This is an anonymous evaluation (**DO NOT INCLUDE YOUR NAME**).

NOTE: If you did NOT complete a particular workshop, please check "Neutral, NA."

		Strongly Agree	Agree Somewhat	Neutral, NA	Disagree Somewhat	Strongly Disagree
1.	It was worthwhile to have information sheets detailing what was covered in each workshop.					
2.	Having workshop material available in the PM Office so that missed meetings could be completed was worthwhile.					
3.	It was worthwhile to post workshop materials to the Premed Office's website.					
4.	The "Assess Progress" regarding transcript analysis and G.P.A. Calculation was worthwhile.					
5.	It was worthwhile to calculate my G.P.A to gain perspective on my current chances of gaining entry into health professional school.					
6.	The information provided at the "Collecting/Sending Evaluations" workshop was worthwhile.					
7.	I think it is worthwhile for the PM Office to file letters of evaluation and forward them at the student's request to programs/schools.					
8.	I learned valuable information regarding MCAT Prep, the cost associated with applying to medical, dent. etc. school, etc. from the "Application Overview" workshop.					
9.	I learned important information about selecting health professions schools and publications containing school-specific details by completing the "Selecting Schools" worksheet.					
10.	The advice provided in the "Fall Pre-Registration" workshop was helpful.					
11.	It is worthwhile to continue Premed Meetings in a group setting.
