

Questionnaire #1 for Schools Meeting With Premed (2/16/12)

Name _____ Date _____

1. To what kind of school(s) will you be applying to in 2012 for entry in 2013?

Medical (MD) Medical (DO) Dental Other _____

2. What were your final grades for last semester (list courses and grades)?

3. What are your mid-term grades for the current semester (list courses and grades)?

4. Describe any medical or clinical experience you have had since graduating from high school (i.e. post-secondary experience)?

5. What are your plans for summer 2012?

6. What was your total... SAT score? _____ ACT score? _____

7. •Which admissions test do you plan to take? _____

•When will you take it? _____ •Have you registered to take the test? _____

•In which review course are you enrolled?

Kaplan

Princeton

Other _____

None

•How many hours did you spend LAST week in your review class? _____

...studying for the test OUTSIDE of your review class? _____

•Are you up-to-date with online practice tests/assignments for your course? _____
(course “guarantees” only apply if you complete ALL work!!!)

(OVER)

8. **FOR MED (MD & DO) APPS ONLY:** Nationally, medical school applicants apply to an average of 11.5 schools. We recommend that all Xavier students except CA resident apply to 10 and that CA residents apply to 12. How much do you think it will cost to apply to 10?

•For AMCAS _____ •For each secondary app? _____

•For each interview _____ •Overall _____

9. **FOR DS/PD/OD APPS ONLY:** We recommend that students apply to 5 DS/PD/OD schools. How much do you think it will cost...

•For AADSAS or other central service _____ •For each secondary app? _____

•For each interview _____ •Overall _____

10. **OTHER:**

•What evaluations do you already have on file to support your medical, dental, etc. school application?

•For evaluations that are NOT on file to support the above mentioned applications, please indicate your status below...

I have asked teachers but have not yet given them the required items.

I have asked teachers AND have given them the items required to write the evaluations.

I have done neither of the above but will do so by (date) _____.

•Have you submitted the following items to be critiqued by Sr. Joanne Bauer at least TWICE this academic year (i.e. Fall 2011-Spring 2012)?

Personal Statement Yes No If No, what date will you submit? _____

Post-Secondary Exp. Yes No If No, what date will you submit? _____

•(Review Question) When do XU's Premedical Advisers recommend that you submit your medical, dental, etc. school application? _____

11. Residency, in terms of applying to medical, dental, etc. school, often has nothing to do with where you currently reside. Instead, each school has their own definition of “residency” (e.g. where your parents live, where you graduated from high school, etc.). It is imperative that you research the schools to which you are interested in applying to be clear on their residency rules. Be advised that you cannot claim to be a resident of more than one state when applying to medical, dental, etc. school.

What state will you claim as your “state of residence” on your professional school application? _____

12. In addition to the required math and science courses, some schools are beginning to require other courses (e.g. most Texas medical and dental schools now require Statistics; Howard Dental School requires two (2) semesters of A&P). The ultimate responsibility of completing the required coursework rests on YOU, the student.

Do you understand that YOU must research the coursework requirements of the health professions schools that you are interested in applying to in order to make certain you are fulfilling those requirements? Yes No

13. XU’s Premedical Advisers recommend that students take at least three (3) of the five upper-level courses listed below to help build a foundation for the TOUGH first year of basic medical sciences in most health professions schools. In the table below, indicate when you took or might take those recommended courses.

	Course at XU	Fall11	Spr12	Fall12	Spr13	Other
RECOMMENDED (at least three of the following five courses)						
Biochemistry	CHEM 4130/4130LB					
Comparative Anatomy	BIOL 4091/4091LB					
Embryology	BIOL 3162/3162LB					
Histology	BIOL 4111/4111LB					
Anatomy and Physiology	BIOL 3350/3350LB					
OTHER POSSIBLE REQUIREMENTS/RECOMMENDATIONS						
-Statistics (a number of schools starting to REQUIRE) -Calculus II (e.g. required by Harvard Medical School) -Anatomy & Physiology I & II (e.g. required by Howard Dental School) -Ceramics (recommended for dental school applicants)
