UNIVERSITY MISSION STATEMENT

Xavier University of Louisiana, founded by Saint Katharine Drexel and the Sisters of the Blessed Sacrament, is Catholic and historically Black. The ultimate purpose of the University is to contribute to the promotion of a more just and humane society by preparing its students to assume roles of leadership and service in a global society. This preparation takes place in a diverse learning and teaching environment that incorporates all relevant educational means, including research and community service.

ALMA MATER

In the Mississippi Valley, In the Crescent Bend
Stands our loved and noble Xavier, Far her praises send.

CHORUS: Wave her colors, bear them onward
Gold and White so true
Hail to thee, all hail, dear Xavier
Hail, all hail, X. U.!

Xavier, ever be our guide, And lead us on the way
Through life's journey, Onward, Upward, to the eternal day.

*Note: The Alma Mater is sung at the close of Convocations, assemblies and ceremonies.
All rise when the Alma Mater is sung, and no one is to applaud afterward.*

UNIVERSITY SEAL

The Xavier seal is composed of a shield inscribed in a circle. On one side of the shield is a lion rampant in a field of white. His claws are tinged with gold. On the other side of the shield, on a green field is a crescent and above the crescent a gold spear of wheat. The gold and white are Xavier's colors. The green field signifies confidence in God; the lion, symbol of courage and strength, stands for the Xavier student nourished with the wheat. The wheat may also stand for the Sisters of the Blessed Sacrament, who founded Xavier University. The Crescent represents the city of New Orleans; it may also symbolize Mary, the Virgin Mother of God, from who the Second Divine Person (Jesus Christ) arose.

Welcome to Campus Life!

The University offers students various services, resources and co-curricular programs to enhance student engagement and involvement. These services and programs fall under the supervision of the *Division of Student Services*. Student Services at Xavier is committed to an active participation in student success and learning both in and out of class. All programs and services are designed to encourage and link learning experiences and student development goals. Our philosophy is based upon the principle that the strongest education integrates the existing academic program with a supportive, caring atmosphere for each student to learn and grow outside the classroom. Responsibilities of staff extend to ensure students' personal growth and development:

- to advocate for students,
- to enlist student participation in the University decision making process,
- to guide student adjustment to college life,
- to advise on policies and procedures, and
- to assist students in their learning and development as students, emerging leaders, engaged citizens and aspiring professionals.

Staff is available to assist in advising student organizations, aid in problem-solving and any special needs programs. Our doors are open and students may feel free to stop by the offices to share their ideas and concerns.

Summary of Student Responsibilities and Rights

As a Catholic institution, Xavier University seeks to foster an environment where student rights are valued and recognized, balanced with student responsibility in accordance with the policies, procedures and guidelines of the university. The Act of voluntary registration at Xavier University by each student, for courses and/or housing, indicates his acceptance of the high traditions and principles of the institution and its requirements for conduct in harmony with Christian, moral and ethical standards. Students are expected and required to abide by local, state and federal laws. Xavier expects all students to conduct themselves as mature and responsible members of the academic community, as well as the local community, presenting their individual work, respecting themselves in decorum and dress, the rights of others, and refraining from any conduct which obstructs the work of the university or to be injurious to the welfare of the University or any of its members on campus, at university-sponsored activities and off-campus. Students have right to a free will to learn, to exercise inquiry, to privacy and confidentiality of records under FERPA, HIPPA and ADA, and to voice protest or grievance. While this expression is viewed as essential to student development, it is required that students display responsible actions and maintain an orderly educational environment demonstrating respect for self and others.

It is imperative that students become thoroughly familiar with the Student Handbook in order to avoid jeopardizing their relationship with the University and local community and to fully understand their rights and responsibilities as citizens and members of the University community. A student who violates these general standards of conduct shall be subject to administrative action and disciplinary sanctions in accordance with Student Conduct Guidelines.

Complaints/Grievances

Students with general complaints are urged to resolve the concern informally by discussing with the party identified as causing or contributing to the grievance (student, faculty member, administrator, staff, other) or their supervisor. If the student is unable to resolve the matter at the informal level, a written complaint may be filed with any University administrator (e.g., Department Chairs or Hall Directors) within 10 working days of the alleged incident. That party will then forward the written complaint to the administrative officer (1) responsible for the area of the complaint, or (2) who is the immediate supervisor of the person about whom the complaint is being filed. The appropriate administrative officer will meet with the complainant and attempt to resolve the complaint within a reasonable time. If the resolution is not satisfactory to the complainant, the complainant may appeal the decision to the next highest administrative level. The office of the appropriate Vice President is the highest level to which appeals may be made, and the decision of that office is final. The current policy for non-academic complaints and grievances is available in its entirety online at <http://www.xula.edu/student-handbook> and in the Policy Statement section of this handbook.

Complaints Alleging Sexual Harassment or Discrimination

It is the policy of XULA that harassment or discrimination of any form is prohibited and will not be tolerated. Each student, faculty and staff member has a responsibility to maintain a collegial environment that is free of any form of harassment or discrimination. For more information, please contact the Dean of Students at 504-520-7357 or Director of Human Resources, at 504-520-7537.

Zero Tolerance

ALCOHOLIC BEVERAGES, ILLEGAL USE/ABUSE OF SUBSTANCES

Substance abuse affects the individual and community. The University expects all students to abide by Louisiana state laws and college policies regarding alcoholic beverages and illegal use/abuse of drugs. The University does not permit or condone the illegal possession, use, distribution, or sale of drugs; abuse of prescription drugs, or abuse of alcohol, or aiding and abetting underage drinking.

SEXUAL MISCONDUCT AND ABUSE

Sexual misconduct and abuse is non-consensual physical contact of a sexual nature, and can occur between acquaintances or parties unknown to each other. Xavier University of Louisiana will not tolerate sexual misconduct or abuse. The University strives to create an environment that is free of acts of violence. It is important to note that a person may be unable to give consent if they are under the influence of alcohol or drugs. The decision to charge and sanction a student for violating the Student Code of Conduct is based upon this information.

Dress and Decorum

The Student Code of Conduct is fully outlined in the Student Handbook. While the University does not have a formal dress code, it is our belief that each student's actions and appearance should reflect a positive image of the university and contribute to a distraction-free learning environment. Appropriate behavior, dress and grooming are central to the orderly operation of the campus environment. Any behavior or style that detracts from the learning environment is unacceptable.

Student Services administrators, with input and support from faculty and staff, have the final decision in determining and enforcing student conduct, dress and grooming standards on campus and at all university-related activities.

- Clothing, Pictures, Social media postings and Language/Gestures that are offensive, objectionable, profane, and obscene or that promotes or advertises illegal substances are unacceptable.
- Wearing any clothing that is associated with or denotes any gang or gang-related activity is prohibited.
- Pajamas/loungewear is prohibited outside of the residence hall.
- Students not dressed appropriately will be asked to change clothes and/or will be refused entry/asked to leave an event.

Exceptions will be permitted for bona fide religious reasons.

Release of Information/Privacy of Education Records

The Family Educational Rights and Privacy Act (**FERPA**) also known as the Buckley Amendment, is a set of federal regulations established in 1974 that makes four specific guarantees to college students regarding the privacy of their education records. They are:

- 1) the right to inspect and review education records
- 2) the right to seek to amend education records
- 3) the right to have some control over the disclosure of information from those education records
- 4) the right to file a complaint against any institution for the alleged violation of these FERPA rights

These guarantees are made directly to currently and formerly enrolled students, regardless of their age or status in regard to parental dependency, acknowledging that young people who are already 18 years of age are considered responsible adults. Parents, guardians and others do not have a right to access student records of adult children without their signed, written consent to do so.

Student and Parent Rights Relating to Educational Records

Students have a right to know about the purposes, content and location of information kept as part of their educational records. You have a right to gain access to and challenge the content of your educational records. You have a right to expect that information in your educational records will be kept confidential, disclosed only with their permission or under provisions of the law. Students have a right to permit or prevent disclosure of certain information in their educational records. Parents have the right to expect confidentiality of certain information about them in student records.

Students and Parents can locate the notification of our policy regarding privacy and protection of student records and parent information in the policy section of this student handbook in its entirety online at <http://www.xula.edu/student-handbook> and at <http://www.xula.edu/financial-aid/documents/FerpaRelease.pdf>.

FERPA is administered by the Family Policy Compliance Office (FPCO), part of the US Department of Education in Washington, DC. It is the FPCO which interprets and resolves complaints regarding FERPA and the FERPA rights of students. The Department of Education provides more information for students, institutions, and even parents on its website – www.ed.gov.

Student Governance

All full-time and part-time undergraduate students are automatically members of the SGA. The mission of the Student Government Association is to provide experience in the democratic process; to encourage students to participate in all facets of the institution; and to promote and assist in the planning and implementation of student programs and activities. SGA is the liaison between the students, faculty and University administration, providing appointments to a variety of internal and

University committees, task forces and boards that establish or influence a wide range of policies, procedures and the general direction of academic and nonacademic programs and services offered at Xavier. SGA also functions as the avenue through which grievances by students may be channeled to the administration of the University. The SGA office is located in the second floor of the University Center.

Athletics and Recreation

Convocation Annex 322

The Athletics program at Xavier University has a rich tradition of excellence in intercollegiate athletics, including post-season tournament competition in Men's and Women's Basketball and Tennis. The Athletics program provides a safe and motivating environment for student-athletes to excel, but also recognizes the need for students to pursue and achieve academic excellence. This combination of athletic achievement and academic excellence is the foundation of a sound athletic program with long-term success where coaches share the responsibility of educating student-athletes.

The Campus Recreational Sports program is designed to provide an opportunity for all Xavier students, alumni, faculty, and staff to participate in competitive, organized, and free-play sporting activities. It is the general aim of this unit of the Division of Student Services to provide an enriching sports program for which all participants, regardless of degrees of athletic abilities, may benefit physically, mentally, emotionally and socially. Center for Student Leadership and Service

University Center 316

The Center houses New Student Orientation/ the First Year Experience Program, Community Service/ Service-learning, XU LEADS (Leadership Education and Developmental Skills) and Volunteer Services. The Center for Student Leadership and Service promotes student leadership and civic engagement by complementing the academic curriculum with practical application of classroom theory and methodology. The Center for Student Leadership and Service contributes directly to the University Mission by implementing programs that will prepare students to assume roles of leadership and service in society. The ultimate purpose of the Center is to educate students to become facilitators of social change.

NEW STUDENT ORIENTATION PROGRAM assists the University's "new" students – entering freshmen, transfers and nontraditional students – in maximizing their potential and achieving personal and academic growth. Students are provided with a suitable referral source; a vital support system away from home; and a liaison with all areas of the University community. These efforts are facilitated by PEER DEANS, student volunteers who mentor and act as liaisons to new students on campus and assist in planning Orientation. The ultimate goal is to instill in new students the importance of taking advantage of all resources available to them and becoming well-rounded students.

FIRST YEAR EXPERIENCE PROGRAM (FYE) Student Services and Academic Affairs collaborate in planning and implementation of a holistic, year-long series of curricular and co-curricular activities focused on internalization of, and identification with, what it means to be a Xavierite.

The FYE begins with the completion of the application and ends with the beginning of the sophomore year at Xavier. All components of the FYE are based in the unique history, mission and core values of Xavier. Each is designed to enhance the transition of the student from dependence to independence and interdependence. The components emphasize the knowledge, skills, and values that characterize a Xavierite. More details may be found in the upcoming FYE Handbook.

VOLUNTEER SERVICES guides, supports, and encourages community involvement and gives public recognition to those students actively involved in community service. Participation and involvement in community service activities can eliminate a student's self-doubt on career decisions, positively impact on class performance, and affect personal attitude on life--promoting competence, self confidence and experience in problem- solving. Community Service provides an array of opportunities for students based upon their interest, skills, and time commitment. Students can choose to participate in MAX (Mobilization At Xavier), Agency Clearinghouse, or one-time Special Event opportunities.

XU LEADS (Leadership Education and Developmental Skills) prepares students for leadership roles and responsibilities through the use of multiple techniques such as training workshops, community service, panel/discussion forums and retreats. The emergent and advanced leaders develop skills in team building, ethics, conflict resolution, motivation, critical thinking, and positive regard for others. XU LEADS calendars are distributed at the beginning of each semester.

SERVICE-LEARNING is a teaching and learning method that connects meaningful community service with academic learning, personal growth, community involvement, and civic responsibility. Students are engaged in thoughtfully organized service experiences connected with an academic course throughout disciplines and university departments. Service-learning is a joint effort between Student Services and Academic Affairs.

RESIDENCE LIFE

The Residence Life Staff

2. assist individual students in their needs and problems;
3. advise student organizations, committees, or other groups;
4. enforce rules and regulations; and

Residence Government

Each student is a member of the Residence Hall Association and fees for diverse programming and resources are collected as part of semester tuition and fees. Residence Hall government consists of the Inter-Hall Council, each individual Hall Council and the Residence Life Student Conduct Board. Each student is an important part of this process. The extent and effectiveness of the Councils and Conduct Board depend mainly on individual student efforts in self-governance and their interest in Residence affairs.

The *Inter-Hall Council* is organized to coordinate joint programs and activities of the residence halls. It is comprised of representatives from each hall.

Each *Hall Council* consists of the unit representatives. It functions as an executive and legislative body, establishing regulations and representing student residents to conduct residence hall business.

The *Residence Hall Conduct Board* hears referred cases. It also reviews and interprets the residence guidelines and constitution. The responsibility for deciding cases involving residence hall violations referred to in this handbook is granted to the Conduct Board of the residence unit. This board will assess the facts and recommend the disposition in all cases. Those infractions which subject a student to suspension or dismissal from the University will be handled by the Office of Student Services or referred to the University Hearing Committee. Appeals from the residence board may be made to the Office of Student Services. The Hall Council, in conjunction with Student Services, determines policies designed to insure a favorable living environment for all students.

The *Nutrition Advisory Committee (NAC)* is responsible for monitoring food service operations and encourages nutrition awareness among residents, faculty and staff.

There will be mandatory *Hall Meetings* held in the residence hall to inform students of important information regarding resident living, emergency situations and other concerns of the University. These meetings will be scheduled by the residence life staff. Residents will be notified and held responsible for the information distributed. The meetings may be held for the entire hall or on each floor. Failure to attend or submit a request for an official excuse prior to the meeting will result in a Student Code of Conduct violation.

Residence Hall Facilities

There are four major facilities to house resident students. Three halls house female students—St. Katharine Drexel, Living Learning Center and St. Martin DePorres. Two residence halls house male students—St. Michael Hall and St. Martin DePorres Hall.

Honor Statement

Honor and **integrity** have been an integral part of Xavier University's history. Our **Honor System**, though not officially stated until recently, is an institution that has always carried with it the underlying tenets of honor and trust. It is our belief that honor and trust are moral ideals that **true "Xavierites"** have and should display at all times during their matriculation at Xavier and beyond. Within the **Xavier Honor System** is a moral ideal by which students live and guide their lives. This ideal is **absolute honesty** to oneself, others, Xavier and in all aspects of life. We believe this principle is fundamental in ethical life, both during and after college.

The **Honor System** at Xavier is a *tradition*, an *inheritance*, and an *opportunity* all in one. It is a *tradition*, because it is and has been a valued, intangible possession of Xavier students since the University was founded. It is an *inheritance* because each entering class will receive it from the previous class as a gift to be proud of and respected. Above all, it is an *opportunity* because it allows the fullest possible expression of individual life in harmony with community life.

The objective of the **Honor System** is to develop the student spiritually, morally, and intellectually. This is promoted and encouraged by the freedom and responsibility the student gains by virtue of living within the **Honor System**. **Students are personally responsible for their work, their actions, and their word.** To ensure that individual liberty is protected and enforced, students must encourage adherence to the **Honor Code** by reporting any violations of which they are aware. In order to preserve an atmosphere of **honor** and **trust** at Xavier, it is necessary that all cases of dishonesty which is associated with academic or campus life be fully and immediately investigated, with proper disciplinary action taken. All members of the Xavier community must fulfill their obligation to the **Honor System** because it is vital to the spiritual, moral, and intellectual development of Xavier University of Louisiana.

Students who do not complete sanctions by the assigned due date will not be returned to "good standing" status until the sanctions are completed.

UNIVERSITY SANCTIONS

Sanctions should be commensurate with the violations found to have occurred. In determining the sanction(s) to be imposed, the hearing officer or board should take into account any mitigating circumstances and any aggravating factors including, but not limited to, any provocation by the subject of the conduct that constituted the violation, any past misconduct by the student, any failure of the student to comply fully with previous sanctions, the actual and potential harm caused by the violation, the degree of intent and motivation of the student in committing the violation, and the severity and pervasiveness of the conduct that constituted the violation. NOTE: Service provided through programs coordinated by the Xavier Volunteer Services office may not be used to satisfy a restitution hour requirement.

Disciplinary Censure

An incident may be considered to be minor and spontaneous in nature (no planning or pre-meditation) by the student. The reprimand is notification to the student that s/he has been found responsible for a violation and that any other violations of university regulations for which the student is found responsible will result in more serious sanctions. A censure remains in effect for one calendar year. If there are no additional violations during that time, the censure is not considered in subsequent violations.

Disciplinary Probation

A probationary status, imposed for a specific time period, during which a student is expected to show a positive change in behavior. The student must make every effort to modify his/her behavior in order to remain in good standing at Xavier University. In addition, if the student does not meet all special stipulations associated with the sanction, further student conduct action will be taken, which may include suspension or expulsion from the University. A letter will be sent home to the parent(s) or legal guardians of a student placed on disciplinary probation with notification of probationary status. Alcohol and/or drug violations will be specified in this letter to the parents.

Disciplinary Suspension

The removal of a student from the university, which permits the student to apply for readmission at the end of the sanction imposed. Suspension may be for a term, not to exceed one year or conditional, indicating that readmission is contingent on the fulfillment of certain conditions by the student. While a student is suspended, s/he is not to return to the campus, programs, facilities and activities of the university without written permission from the Dean of Students. If the student returns to the campus without written permission during the time period for which s/he has been suspended, his/her eligibility to return to Xavier in the future may be jeopardized. While a student is suspended for Academic Honor Code violations, s/he may not enroll in classes either on or off campus. It is expected that s/he will make every effort to rectify any previous misconduct by displaying irreproachable behavior in the future. If a student is suspended from the university, a letter will be sent to his/her parent(s) or legal guardians with notification of the suspension.

Dismissal (Expulsion)

The student is permanently separated from the university without opportunity to re-enroll in the future. A permanent notation will be made on the official transcript and a letter will be sent to his/her parent(s) or legal guardian(s) notifying them of the separation. Alcohol and/or drug violations will be specified in this letter. The student is also barred from University activities, services, facilities and grounds.

Conditions of Suspension or Dismissal

A student who has been dismissed or suspended from the university shall be denied all privileges afforded a student and shall be required to vacate campus at a time determined by the hearing officer or board. In addition, after vacating campus property, a suspended or dismissed student may not enter upon campus and/or other university property at any time, for any purpose, in the absence of expressed written permission from the vice president for student services or designee. To seek such permission, a suspended or dismissed student must file a written petition to the vice president for student services for entrance to the campus for a limited, specified purpose or to have the terms of this condition modified or reduced.

The Vice President of Student Services reviews all recommendations for suspension or dismissal. Separation may be approved, altered, deferred, or withheld at the discretion of the Vice President of Student Services

Educational/Developmental Sanctions

The administrative hearing officer or hearing board may choose to assign an educational project or task to be completed. The assigned task or project may be imposed to educate or raise the student's level of awareness regarding a specific issue. Some examples of these sanctions include papers, presentations, book reports, and program development and implementation.

Emergency or Interim Suspension

This suspension shall be invoked when university officials are faced with an immediate situation where the facts of which indicate that a student's continued presence on campus constitutes a clear and convincing danger to the normal functions of the university, to property, to others, or to the student.

Fines

Students may be required to pay a reasonable sum of money as a sanction for behavior that results in damage, destruction, or loss of property belonging to the University and others or in increased maintenance or repair costs for the University or others. Proof of payment shall be required to clear the student's disciplinary record.

Loss of University Housing

Administrative hearing officers or Student Conduct Hearing Boards of the university may mandate that a student be removed from residing in university-owned or leased housing as part of an imposed sanction. If a student loses housing privileges, a letter will be sent to his/her parent(s) or legal guardian(s) with notification of his/her housing status. Room rent for the remainder of the student's housing contract period will *not* be refunded.

Loss of Financial Aid

The Higher Education Amendments of 1998 state that any student who has been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan or work assistance under this title during the period beginning on the date of such conviction and ending after the interval specified by law.

Official Warning

An incident may be considered to be mild in nature and outcome but one that could have negatively influenced/affected the community. The incident may have been a spontaneous action or a planned event. The official warning is notification to the student(s) that s/he has been found responsible for a violation and that any other violations will result in more serious sanctions. Official warning is a statement to the student(s) that s/he needs to reevaluate his/her behavior before serious action is taken.

Preliminary Suspension

A unique probationary status, in which the student is expected to immediately exhibit a marked improvement in behavior or face suspension from the university. The sanction of disciplinary suspension was considered for the student but was not deemed necessary. If the student does not meet all special stipulations associated with the preliminary suspension or if s/he is found responsible of violating any other rule, regulation, policy or law, s/he may be sanctioned with disciplinary suspension from the university. If the student does not complete any stipulation of the preliminary suspension by the assigned date, his/her grades may not be released until the sanctions are complete. If a student is placed on preliminary suspension, a letter is sent home to parent(s) or guardian(s) with notification of preliminary suspension status. Alcohol and/or drug violations will be specified in this letter.

Referral for Counseling

If, in the opinion of the hearing officer or hearing/honor board, a student involved in a disciplinary situation will best be served by counseling, the student may be required to attend counseling sessions with a member of the Xavier University Counseling Staff or another professional off campus. The student will be responsible for all fees incurred by contracting the services of an independent professional.

Residence Hall Probation

An individual student, or group of students, may be issued a written notice that further violations would constitute grounds for loss of the privilege of residing in University housing. Appropriate residence life officials will be notified. A letter is sent home to his/her parent(s) or legal guardian(s) with notification of probationary status.

Residence Hall Relocation

This is a recommendation to the Dean of Students from Residence Life that the student or group of students be required to move to another room, residence hall, or residence area because of his/her lack of willingness to live within the rules of his/her present residence hall, or uphold university policies. For individuals, this sanction will be recommended in situations where the hearing board or hearing officer feels the student would benefit from a change of environment in order to conform to acceptable group living standards. It will also be recommended if deemed necessary for the safety of the resident or others.

Restitution

Reimbursement for damage or loss to person(s) or property or misappropriation of property, either through appropriate repairs or monetary compensation, may be imposed as a sanction.

Suspension of Social Privileges

An individual student, residence hall floor or suite, or student organization may lose social privileges that are specified with a particular sanction. The student or organization may not participate in extracurricular events or represent the university on or off the campus, except for activities that are required to meet class assignments. Level of participation in varsity sports will be determined on a case-by-case basis. The administrative officer or student conduct board may impose other sanctions deemed appropriate.

Other sanctions

Other appropriate sanctions may be imposed by a hearing officer or board singularly or in combination with any of the above-listed sanctions. Examples include, but are not limited to, making restitution for property damage or misappropriation of university property or services, or the property of any person, residence hall contract termination or reassignment to another room, restriction of access to specified campus facilities and/or property, research assignments, community service projects, special workshop participation, and/or referral to medical resources or counseling personnel.

The Dean of Students may issue a *Statement of Concern* to a student or organization for a minor violation occurring in class or otherwise observed and referred by a member of the campus community. Such statement shall be placed in the student/organization's official file and may be a basis for further disciplinary action. All sanctions are subject to review by the Vice President for Student Services.

STUDENT CONDUCT GUIDELINES

Preamble:

Self-discipline is the aim of the University in its policies on student conduct. Xavier expects of all students responsible and mature conduct that shall reflect credit upon themselves and upon the University; it requires behavior that is consistent with laws of decency and with the generally accepted morals and manners of an advanced society. In order that Xavier maintain its educational purposes for the entire academic community, the responsibility to preserve the balance between the individual student or group rights and the general welfare is ultimately the University's. Hence in cooperation with faculty and students, the University will be the final judge of the excesses, the appropriateness, or the undesirability of student conduct on campus. Concurrently, obligation to establish and promulgate the reasonable norms to be applied in the adjudication of charges of student misconduct is also reserved to the University. All student conduct boards and/or committees who serve the University will be guided in their determination and recommendations by these norms.

Article I. Authority

Students committing violations of the Student Code of Conduct at off-campus sites may be subject to University student conduct action. Student conduct action against any student committing a misdemeanor will be considered on a case-by-case basis upon filing by a complaint of an Incident Report. The filing of a report must occur within 10 working days of the offense. Student conduct action will be taken against any student committing a felony. All persons who are not members of the Xavier University community who violate the Code are subject to being barred from all University-owned and operated property and all university-sponsored events.

The University cooperates fully with law enforcement authorities. Violations of the Code that are also violations of law may be referred to the appropriate agencies. In such situations, cases may proceed concurrently at the University and in the criminal justice system. University Police (UP) officers have full powers of arrest, search and seizure on all University-owned and operated property, and are usually the first respondents to calls for police services on campus. However, complainants may request the NOPD respond to any reported offense or incident. UP investigators also cooperate fully with specialized units of the NOPD in coordinating efforts to solve crimes of mutual concern.

Section I. University reserves the right to impose sanctions on any student whose personal conduct indicates an inability to achieve minimum standards of progress for personal development in the University community. All decisions in these situations will be made with regard for reasonable due process of each case. The Vice President for Student Services, or his designee, will have ultimate administrative responsibility.

Section II. The University may delegate authority to various administrators, faculty-student groups, and committees to assist in enforcing regulations governing student life. To this end, the following components of the University Student Conduct System have been established and charged by the President of the University with the responsibility of hearing, adjudication, and/or reviewing cases of students charged with the violation of University regulations.

- a. Resident Hall Conduct Board
- b. The Student Conduct Board
- c. The University Hearing Board
- d. The University Appeal Board

Article II. Composition

Section I. The University Hearing Board is an eight-member joint hearing board consisting of 3 students, 3 faculty, and 2 administrators. Recommendations for appointment of these members shall be as follows: Faculty members by the University Academic Assembly; Administrators by the Vice President of Student Services; and student representatives by the President of the Student Government Association. The Associate Vice President of Student Services is the chair or his/her designee and votes only in the event of a tie. A quorum shall consist of five members (2 faculty, 2 students, and 1 administrator).

Section II. The SGA Judicial Council serves as the Student Judicial Board. All are voting members. (See Article IV, Section 5, SGA Constitution, Judicial Branch) Appointments are for one year.

Section III. The Resident Hall Student Conduct Boards shall be established. This is a student committee consisting of two voting members from each hall and two alternates.

- a. The two alternate members, who shall serve on the board in place of absent members or in cases where a member is the complainant or the respondent, must be a member of the junior or senior class
- b. Members of each board will be selected by open balloting of the residents of the hall to be served by the board and appointed by the Director of the Housing and Residence Life of designated representative.

Section IV. The University Appeal Board is a five member committee consisting of the Vice President of Student Services, who serves as the permanent chair, Student Government Association President, Faculty member, Staff member and an Administrator. The latter three members will be selected based upon the procedures under Section I. New members must attend an orientation session on the standards of conduct, sanctions, and the Student Conduct system. All decisions of Student Hearing

Boards are recommendations to the chief Student Conduct officer or designated representative. Sanctions may be approved, altered, or withheld at the discretion of the chief Student Conduct officer or designee.

Article III. Jurisdiction

Section I. Any case of student violation of University policy is subject to possible review and a hearing that may result in disciplinary or corrective action by the appropriate Student Conduct Board.

Section II. The University Hearing Board has original jurisdiction in cases in which a student is charged with a serious breach of University policy and his/her continued presence and participation in the academic and social life of the institution is not in the best interest and welfare of the University community.

Section III. The Student Conduct Board is delegated original jurisdiction and power to appeal and review cases involving general infractions of University rules and regulations with the following exception: those offenses which merit suspension or dismissal. This Board has jurisdiction in reviewing minor offenses involving violation of residence hall rules and regulations.

Section IV. The Residence Hall Student Conduct Boards have jurisdiction in cases involving violation of rules governing resident hall living except those which merit suspension or dismissal.

Section V. The Appeals Board has appellate jurisdiction in cases where:

- a. An individual requests that the Appeals Board review the judgment of a Student Conduct Board.
- b. The action of a Student Conduct Board is considered to be procedurally or substantively faulty.

Article IV. Channeling of Cases:

Section I. Incidents of misconduct may be reported to Student Services or to other University officials by students, resident directors, faculty members or administrators. The report must specify the person(s) implicated, the alleged violation, and the facts of the situation.

Section II. The Associate Vice President of Student Services will employ one of the following options in processing cases:

- a. The Associate Vice President of Student Services or designee may assume original jurisdiction in a case. In this instance the student will be given the option of having the case referred to the appropriate Student Conduct body or of accepting the jurisdiction of the Associate Vice President of Student Services. If the student selects the latter option, he/she will be required to sign a statement waiving his right to a hearing and is required to abide by the decision rendered by the Associate Vice President of Student Services (or designee).
- b. The Associate Vice President of Student Services may refer minor cases to either the Student Conduct Board or to one of the Residence Hall Conduct Boards.
- c. In the event that the case involves a violation of the moral codes of behavior or constitutes a grave violation of University policy, the Associate Vice President of Student Services will institute a thorough investigation of the matter and assume jurisdiction in the matter, or he/she may refer the case directly to the University Hearing Board. The Associate Vice President of Student Services will assume original jurisdiction in those cases in which strict confidentiality is required to prevent undue damage to the good name and reputation of the student or when the safety of the campus community is endangered.

Section III. The Vice President of Student Services reserves the right to refer back to a Conduct board any decision in which the penalty imposed is excessive or in which there is evidence that the hearing was procedurally faulty.

Article V.

Section I. Procedural Review

A student who is charged with a violation of the Code of Conduct is required to attend a procedural review with the chief Conduct officer or designated representative and provide a response to the charges.

The chief Conduct officer or designated representative reviews the case and determines whether it should be referred to a Joint Hearing Board. If the violation is less serious, the chief Conduct officer or designee will give the student a choice between having the case heard by a Student Hearing Board or a Disciplinary Conference, particularly if the student had admitted Responsibility to the violation. A student charged with a violation of residence hall policies which has not been referred to a Joint Hearing Board, will be asked to meet with a staff member of the Department of Housing and Residence Life. The charged student will then be given a choice between having the case heard by the Residence Hall Conduct Board or a Disciplinary Conference.

Section II. Procedural Rights and Freedoms

Rights of the Charged Student (Respondent)

All students accused of inappropriate behavior that violates the Student Code of Conduct have the right to:

The chairman of each Conduct board shall upon assignment of a case to his board execute the procedures below.

 - c. the appropriateness of sanction(s), condition(s), and/or restriction(s) is not justified by the nature of the offense or outside the University's sanction range for such violation.

Rights of the Complainant (Victim) in a Sexual Misconduct Hearing

Throughout the Student Conduct process, the complainant maintains certain rights to ensure safety. Some of those rights are outlined below:

1. To have the assistance of a victim/witness advocate throughout the entire process.
2. To have an Administrative Directive sent immediately to the accused that forbids him/her from contacting the accuser by any method, including through friends or acquaintances.
3. If an Administrative Directive is violated the accused may receive an Interim Suspension.
4. To be relocated within the residence halls if a threat is present or, in some case, to have the accused relocated.
5. The right to be notified of the outcome of the Student Conduct process.
6. To choose to present a statement either in person or by phone.

Article VI. Student Conduct Procedure

Section I. All voting members are necessary for hearings. Hearings are held in closed session and all proceedings of the board are confidential.

Section II. The accused is responsible for presenting their own case, and advisors/lawyers are not permitted to speak or to participate in any hearing before a student conduct body.

Section III. The general order of the hearing shall be as follows:

Article VII. Appeal Procedures

Section I. In the interest of fairness, only the recipient of disciplinary action has the right to appeal. Requests for appeal must be in writing and submitted through the same channels of authority and jurisdiction as outlined in Article IV within 48 hours of official notification of the Board's decision.

Section II. Appeals concerning decisions of the University Hearing Board or the Student Conduct Board should be addressed to the Vice President of Student Services.

Section III. The appeal must specify grounds that would justify consideration. General dissatisfaction with the outcome of the decision shall not be accorded as a basis for consideration of an appeal. The only basis for considering an appeal is the presentation of facts that include:

1. an error in procedural due process by the original body,
2. the emergence of compelling evidence that could not have been previously discovered,
3. the appropriateness of sanction(s), condition(s), and/or restriction(s) to the violation.

Section IV.

1. Appeals will be limited to a review of the record of the hearing, written statement submitted by parties, and any new evidence. Appeals based upon new evidence shall be treated as grounds for a new proceeding by the original body.
2. The Vice President for Student Services serves as the appellate officer. He/she shall make an initial determination as to whether or not sufficient grounds for appeal, based upon the standard enunciated above, have been alleged. Appeals that do not allege sufficient grounds shall be denied consideration and shall be dismissed. Appeals that do allege sufficient grounds shall be accepted for consideration.
3. If the appeal is allowed, its presiding officer represents the Student Conduct body that rendered the decision under appeal so those questions of procedure or sanction may be clarified. The appellate officer shall not conduct a de novo hearing (a rehearing) but will consider only the record made by the adjudicating body. The appellate officer may, at his/her own discretion, permit written or oral statements from the concerned parties at the time the appeal is considered; but the appeals officer will review only that portion of the original hearing that is addressed by the appeal.
4. The decision shall be communicated in writing to all parties concerned within seven class days. The alternatives available to the appellate body are:
 - a. to sustain the recommended penalty;
 - b. to reverse the verdict; or
 - c. return it to the original Student Conduct body (to consider new evidence or reconsider the penalty, not finding of responsibility).

Article VIII. Confidentiality Standards and Records – Policy/Procedures

All proceedings under the Code are confidential. All proceedings and all documents generated by the process form a part of the charged student's records and are, therefore, confidential under the federal Family Educational Rights and Privacy Act (FERPA). Participants in the process, including the charged, the complainant, witnesses, hearing board members, and staff members are advised to preserve the confidentiality of all proceedings and all documents under this Code. Any breach of the confidentiality may subject the responsible party to charges under this Code.

Article IX. Interpretation and Revision

Section I. The Vice President of Student Services or his/her designated representative resolves any question of interpretation regarding the Student Code of Conduct.

Section II. The Student Code of Conduct shall be reviewed every three years under the direction of the chief Student Conduct officer.

To: Students, Faculty and Staff

In compliance with the Drug Free Schools and Communities Act Amendment of 1989, Public Law 101-226, the attached statement of the Xavier University Policy and Sanctions Relating to Use of Illicit Drugs and the Abuse of Alcohol, has been published and is being sent to Students, Faculty and Staff. The information contained therein refers to the use of illicit drugs and the abuse of alcohol; the institutional policy and sanctions; the Federal and State Laws applicable to such use; health risks; and on-campus and community counseling and treatment resources. Prior to this latest law we established a committee on the subject. A plan was designed, in keeping with the guidelines at the time.

In compliance with the amendment of 1989, the committee has been expanded and an even more formal policy has been developed, with more vigorous monitoring, to assure compliance with the Law. This Committee will review the effectiveness of this program annually and report to me the University's effectiveness in addressing the use of illicit drugs and the issue of alcohol abuse and the consistency of application of sanctions for any violations of institutional policy.

The use of illicit drugs and the abuse of alcohol are national problems of epidemic proportions. The abuse of alcohol and drugs is inconsistent with and detrimental to the academic community.

Xavier University is committed to providing a drug-free campus environment.

Sincerely,

Norman C. Francis
President

Xavier University of Louisiana Drug Free Campus Policy Statement

Xavier University of Louisiana, in its concern for the physical and emotional health, development and well-being of its students and employees, and to be in compliance with regulations of the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, Section 22, provides a program of prevention and early intervention for alcohol abuse and other drug use, misuse, and dependency.

REGULATIONS: Section 1213 “Drug And Alcohol Abuse Prevention” *Section 1213 Subpart B (a) (1) requires annual distribution to each student and employee of: “standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities;”* Policies regarding the drug free campus will be disseminated to faculty and staff at the required fall and/or spring Institutes and to students at the time of registration. These policies are as follows: Xavier University of LA neither permits nor condones the illegal possession, use, manufacture, dispensing, distribution, and/or sale of drugs, narcotics, or alcohol. Students and employees (individually and as members of groups or organizations) are subject to criminal prosecution for violations of local, state and federal laws concerning the unlawful possession, use, manufacture, dispensing, distribution and/or sale of drugs and alcohol both on and off campus. The responsibility for knowing and abiding by the provisions of the University’s alcohol and drug policies rest with each individual. Precise regulations and standards of conduct may be found in the handbook appropriate to each individual’s status on campus.

Section 1213 Subpart B (a) (2) requires: “a description of the applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;” State and local laws prohibit the sale of alcoholic beverages to persons under the age of 21. Persons 18 years or older and under 21 shall not purchase or have public possession of an alcoholic beverage. [Summary of State Act 33, RS 14.91.2, Sections .1 and .5]. State law provides that anyone who is found guilty of manufacturing or distributing illicit drugs could be sentenced to a term of imprisonment at hard labor for a period not to exceed 30 years and may in addition be sentenced to pay a fine of not more than \$15,000. A person over the age of 25 who is found guilty of distributing illicit drugs to a person under the age of 18 is automatically sentenced to life imprisonment at hard labor. Any person convicted of an offense as a second or subsequent offense shall be sentenced to a term for twice the amount authorized by the original statute. Any property used in the distribution or manufacture of controlled substances is subject to forfeiture under Louisiana law.

Section 1213 Subpart B (a) (3) requires: “a description of the health risks associated with the use of illicit drugs and the abuse of alcohol;” Illicit drugs and alcohol abuse are a threat to the physical and mental well being of individuals and clearly are an impediment to the learning process and environment. The use of illicit drugs and the abuse of alcohol may contribute to birth defects in children, health hazards and other debilitating conditions.

Section 1213 Subpart B (a) (4) requires: “a description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students;” Individuals who seek assistance with substance abuse problems are provided health and counseling referral for evaluation, treatment, rehabilitation, or re-entry programs. These referral services are available through the Counseling Center or Student Health Service Center. Off campus referrals may be made to one of several agencies based on an individual’s personal situation. Participation in assistance programs will be viewed positively by the University, but will not prevent disciplinary action for acts which have occurred, nor will it relieve the employee of the responsibility to perform assigned duties in a safe and effective manner. Failure to successfully complete an assistance or rehabilitation program will constitute grounds for dismissal.

Section 1213 Subpart B (a) (5) requires: “a clear statement that the institution will impose sanctions on students and employees (consistent with local, State and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct required by paragraph (a) (1).”

The University will cooperate in criminal investigations of violations of the law and will administer upon students and employees disciplinary sanctions of suspension, dismissal, expulsion, termination of employment and/or referral for prosecution. Sanctions may also include treatment assistance and/or rehabilitation programs. Employees and students must notify the University within five days of any arrest or conviction under a criminal drug statute. Any individual with the presence of drugs in his or her body for non-medical reasons or a blood alcohol level in excess of .05% is prohibited from University premises.

POLICY STATEMENTS

The University affirms the spirituality of its faculty, students, and staff members of varying religious backgrounds and persuasions. This policy is not meant to discourage or inhibit the sharing and discussions of religious beliefs between members of the University community in the variety of contexts the education the community provides.

III. ROOM AND BOARD CHARGES

Students contracting to live in University residence facilities automatically agree to the combined room and board charges as outlined in the fee schedule. A health condition might be cause for an exception. A written statement by the attending physician, enumerating the diagnosis, medication and food items necessary for the prescribed diet, must be submitted each semester that conditions of exception exist. This information will be furnished to the cafeteria management for their cooperation in having available a variety of choices for the students. A request for exception to this policy should be directed to the Student Health Center. The request must be made within two weeks of the date of regular registration so that if conditions are not acceptable to parties concerned, the student will have time to seek off-campus accommodations.

V. GUIDELINES FOR STUDENT PUBLICATIONS

Publications

1. All articles should be signed. The editor assumes the responsibility for all articles which do not bear a signature.
2. On each edition of a printing a definitive statement should be made indicating that the views and ideas expressed are those of the writer and/or the editor, and do not necessarily reflect the views of the University – its students, faculty, or administrators.
3. Each issue should indicate the name of its editor, the publishing address, the mailing address or any contact address of the publishers.
4. Editors are expected to subscribe to the canons of responsible journalism, namely: responsibility, independence, sincerity, truthfulness, accuracy, impartiality, fair play, decency and freedom of the press.
5. At the same time it is expected that editors will be protected from arbitrary suspension and removal. Only for proper and stated causes will editors be subject to removal and then by orderly and prescribed procedures.
(Proper cause for action against an editor will be determined by a Publications Board which would consider the canons of responsible journalism as these relate to the avoidance of libel, slander, obscenity, vulgarity, etc.)

Publications Board

1. The Board shall consist of nine members: four (4) students, two (2) faculty, two (2) administrators and a chairman named by the Vice President of Student Services.
2. For this time only, the members will be appointed by the Vice President of Student Services upon recommendations from the students and faculty.
3. The board will serve the University in the responsibility of judging whether or not an article is considered in bad taste or in violation of the canons of responsible journalism, as these relate to the University community. It is understood that the Publications Board will take into consideration the fundamental rights and responsibilities that the student possesses as a member of the society at large.
4. Any ruling against an editor or writer by the board may form the basis for disciplinary proceedings. The University reserves the right to refer such cases for further appropriate action. Nothing contained in these procedures preempt any individual group or agency, which may claim to be aggrieved from pursuing outside legal redress.

Outside Publications

1. All outside publications of any kind must be cleared by the Office of Student Services before distribution or posting.
2. Failure to receive clearance may be appealed to the Publication Board.
3. The same basic standards applicable to campus publications will be required of outside publications.

The Office of Student Services is charged with the responsibility of supervising the overall mechanics of these guidelines, and the power to act on and then refer cases involving violations. It is understood that the Publications Board, the Office of Student Services, as well as all other board and offices of the University are subject to the final review of the Vice President of Student Services.

For Independently Published Newspapers

In order to emphasize that the student newspaper does not speak officially for the institution, it should carry neither the institutional seal, official motto, nor the name of the University. All University published and financed student publications should explicitly state on the editorial page that the opinions there expressed are not necessarily those of the college, university or student body.

VI. LOSS OF PERSONAL PROPERTY

The University is not responsible for loss of or damage to personal property in the residence hall including equipment and appliances, due to fire, theft, interruption of water, heat, utilities, power surges, or other causes. Students residing in residence halls are required to provide a power surge protector with a *minimum* joule rating of at least 600 to assist in protecting computing equipment, audio/video equipment and appliances.

VII. GRIEVANCE/WRITTEN STUDENT COMPLAINTS

Written complaints may be filed with any University administrator (e.g., Chairs or Hall Directors) who will then forward the written complaint to the administrative officers (1) responsible for the area of the complaint, or (2) who is the immediate supervisor of the person about whom the complaint is being filed. The appropriate administrative officer will meet with the complainant and attempt to resolve the complaint within a reasonable time. If the resolution is not satisfactory to the complainant, the complainant may appeal the decision to the next highest administrative level. The office of the appropriate Vice President is the highest level to which appeals may be made, and the decision of that office is final.

Grievance Procedures for Students

Xavier University philosophically and in practice advocates providing optimum equality and opportunity in educational offerings, employment and in access to educational programs. Xavier does, however, realize that certain practices may be perceived to or may, in fact, unintentionally discriminate against certain members of the community, which we serve.

There are (3) three steps in the grievance procedure.

Step 1 – COMPLAINT

Any Student, employee or other affected party may present an informal complaint to the University. This complaint may be presented to any Administrative Staff level University official (Director, Dean, and VP).

The informal complaint should be presented within (14) fourteen days following the time that the complainant could reasonably have been aware of the situation that is the basis of the complaint.

When the complaint is received the University official must:

1. Discuss the complaint with the complainant
2. Give fair and prompt consideration to the complaint
3. With (7) seven working days to receipt of the complaint, the University official must advise the complainant of his/her decision.

If the complainant is not satisfied with the decision, he/she may move to Step II of the Grievance Procedure. New grievance issues cannot be raised after Step 1.

Step II – GRIEVANCE

To begin Step II, a formal written grievance must be filed within (7) seven working days of the receipt of the Step I answer. If the grievant does not find that the answer given by the Vice-President for Student Services or by the Director of Human Resources is satisfactory, he may, within (7) seven days of receipt of the Step II answer, appeal to the final step of the grievance procedure.

Step III – FORMAL HEARING

Step III of the grievance procedure is initiated by written request to the Senior Vice President for Administration.

The University Grievance Committee is a (3) three member ad hoc panel appointed by the Senior Vice-President for Administration. This committee is empowered to conduct a thorough and objective review of the grievance and a render a decision, which is final and binding on the grievant and the University.

If the three (3) member panel is unable to provide an answer within seven (7) calendar days after the hearing, or if its answer is not in agreement with institutional policies as set down by the Board of Trustees of Xavier University, the grievance will be referred to the President of the University. The President will review the facts and answer the grievance. The answer issued by the President is final and binding.

Conduct of hearing:

- f. The Grievance Committee may order that the witnesses in any hearing be separated so as to preclude any witness hearing the testimony of any other witness.
- g. The Grievance Committee shall have the right to limit corroborative testimony.

VIII. SEXUAL HARASSMENT

For general policy purposes, sexual harassment may be described as unwelcome sexual advances, requests for sexual favors and other physical and expressive behavior of a sexual nature where:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education;
- Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting the individual; or
- Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive employment or educational environment.

Sexual harassment also includes slurs, threats, derogatory or suggestive comments, unwelcome jokes, exposure to sexually-oriented literature or pictures, teasing or sexual advances and other similar verbal or physical conduct, including e-mail communication.

Reporting Incidents of Sexual Harassment

Students who believe they have been the object of sexual harassment by a university employee or faculty person should report the incident(s) to the Office of the Vice President of Student Services. He or his designee will explain the grievance procedure and work with the student for an expeditious resolution in as confidential a manner as possible. Students who have been harassed by a fellow student should report the incident to the Dean of Students. The complete procedures to be followed are presented in the Faculty and Employee Handbooks when the accused is faculty or a staff member. Both handbooks are available in the Office of the Vice President of Student Services and online via Academic Affairs (Faculty) and Human Resources (staff). When the accused is a student, the complaint will be addressed using the student conduct process presented in the Student Handbook, which may found on the university web site.

IX. BEHAVIORAL HEALTH EMERGENCY

A student who experiences a behavioral emergency, including attempts to harm himself/herself, may be required to leave campus and must submit a behavioral health assessment by a qualified professional or agency. If the emergency involves a community disturbance, disrupts the orderly functioning of the university, or requires more supervision to maintain than the university can reasonably provide, or jeopardizes in any way the safety of the student or others, the student may be required to remain off campus. The Director of Counseling Services (or designee) will prepare an evaluation of the student's capacity for remaining enrolled at the university. The Director of Counseling Services will make a recommendation to the Vice President of Student Services and/or Dean of Students regarding the student's ability to return to the university. If the situation evolves into a medical emergency, the director of Student Health services will prepare an evaluation. The student's parent(s) or guardian may also be notified. Parent(s) or guardian of dependent students must/will be notified.

If the student is allowed to remain enrolled, he/she will be required to sign an Agreement to Return to Campus, which documents conditions for remaining enrolled. This agreement may include outpatient treatment, and the student, the Vice President of Student Services and the Director of Counseling Services will evaluate it each semester, including the summer term. At any of these times, the agreement may be terminated. Parents may be required to assist the student. In the event of an extreme emergency such as a suicide attempt or any extreme situation where the student's judgment is significantly impaired, until parents or guardians can be contacted the on-call counseling staff will assist with initial treatment recommendations. The student or his/her family will be responsible for all off-campus costs including transportation to the hospital, the initial evaluation and any hospitalization costs or outpatient treatment.

X. NETWORK RESPONSIBLE USE POLICIES

The Network Responsible Use Policy is available on the University's website at <http://www.xula.edu/itc/network-use-policy.php>. The Information Technology Department publishes and enforces this policy which governs the use of computing facilities and network. You agree to abide by these policies when you access the related resources. Anyone suspected to be in violation of the policy, may have technology access blocked until resolved.

Academic and intellectual freedoms are cherished *rights*, as is freedom of expression; these rights apply to the use of University network resources. Access to these resources is a *privilege* that carries certain responsibilities and duties. These duties and responsibilities derive from the fact that all computers, hardware, software, and institutionally generated operational information stored on computers and any network resources are and remain the property of Xavier University of Louisiana. Ethical and legal uses of these resources are a *responsibility* for every user.

A. Access to Resources

All employees, faculty, staff and students of Xavier University of Louisiana as well as authorized groups and individuals shall be granted access to the University's network resources so long as such access and use is in accord with this policy.

B. Privacy & Confidentiality

Xavier University of Louisiana respects the privacy of its users and the confidentiality of their work, but there are important exceptions to this general principle. It is the responsibility of the user to take appropriate steps to insure his or her privacy.

Go to the website below for a list of legal sites to download from: <http://www.educause.edu/Resources/Browse/LegalDownloading/33381>

Penalties for violation of federal copyright laws:

Upon identifying illegal file sharing activity, the rights-holder or agent will often file an infringement complaint with the service provider. Xavier University of Louisiana is the service provider for its students, faculty and staff. Unless these complaints are addressed promptly, the University may also be held liable for infringement. Therefore if you use the University network to make illegal copies or fail to protect legally obtained media on your computer, you put yourself and the University at risk. If the rights-holder elects to file suit against you, the law permits a claim of up to \$150,000 per infringed title. In some extreme cases, criminal penalty could apply.

It is also possible that ITC may discover copyright infringement activity while tracing the cause of network performance problems which sometimes result from high consumption of bandwidth over a prolonged period by a single user. In such cases we will take immediate action to prevent this continued activity by the violator. Any kind of illegal use of the university's technology resources will result in actions as outlined under Sanctions in Section J of this document. See below:

Violations of this policy will be dealt with seriously. Violators will be subject to the normal disciplinary codes and procedures of the University, i.e., students will be subject to applicable student discipline, faculty will be subject to applicable faculty discipline, and staff will be subject to applicable staff discipline.
