DHHS Centers of Excellence
An African American Initiative

The purpose of the Centers of Excellence High School Initiative is to enhance the competitiveness of a local pool of African-American high schools students interested in health science majors.

Summer Enrichment

The academic objective of the Summer Enrichment Program is to reinforce math and science concepts learned throughout the school year and introduce new content material. The program starts the first week of June and classes are held Monday-Friday from 9:00 a.m.-3:00 p.m. The program does not offer housing or college credits.
