

COST OF ATTENDANCE BUDGETS

2024-2025

ESTIMATED COSTS FOR AN ACADEMIC YEAR

Your Cost of Attendance is the total amount of money you may need to pay for your college expenses. You are eligible, at the maximum, for an amount of financial assistance equal to the total Cost of Attendance. We estimate your Cost of Attendance based on direct and indirect costs you may incur while attending school. A student's actual costs may vary due to factors such as the degree program you enroll in, the number of courses you take, your housing and MEALSS plan choices, and your personal expenses.

DIRECT COSTS

Only a portion of your Cost of Attendance is payable directly to the school; these are direct costs. Direct costs are tuition and fees. Housing and a MEAL plan are also direct costs if you choose to live on campus. Direct costs are billed by Xavier University of Louisiana's Office of Student Accounts. If you receive financial assistance, such as grants, scholarships, or loans, these funds will go directly into your student account until the direct costs are paid in full. Any grant, scholarship, or loan funds left over after paying direct costs will be given to you (or your parent, in case your parent takes out a PLUS loan).

INDIRECT COSTS

Additional college expenses estimated by Xavier University of Louisiana, but not billed to you, are indirect costs. Indirect costs include books, supplies, personal expenses, and transportation expenses. Your actual costs for these items may be less than the estimates. We estimate these costs so you have a more accurate understanding of the total cost of attending college.

ESTIMATED COSTS OF ATTENDANCE FOR 2024-25 (TOTAL FOR FALL AND SPRING SEMESTERS)

The following estimated costs are for both Fall and Spring Semesters, and they are based on full-time enrollment. If you enroll less than full time, your costs will be less and you may be eligible for less financial assistance.
