

# Office of Residential Education

## Director's Message

### Welcome!

Your residential experience at Xavier University of Louisiana represents a journey that seeks to engage students in experiences that broadens the mind, challenges your growth and inspires your spirit. The convenience of living on campus affords you the opportunity to develop a sense of community in your residence halls and to pursue your academic endeavors freely.

Community living in a residence hall will be one of the most dynamic experiences you will be a part of in the University setting. You will be part of a community made up of fellow students with diverse backgrounds, cultures, beliefs and interests. The opportunity to learn from one another through respectful encounters is an exciting component of residence hall living. You will likely spend more of your time in the hall than in any other location on campus. The relationships you build with your fellow community members will have a great influence on your life as you will in turn influence them.

Leadership in our residence communities are provided by the Residence Hall Directors and the student Resident Assistants. They will be available to assist you throughout the academic year. These individuals are trained to meet individual and community needs. They can direct you to academic and personal resources with your success in mind. Do not hesitate to reach out when you encounter challenges in your day to day life on campus.

We are here to answer your questions, and we look forward to meeting you during check in as you begin this exciting next chapter of your life.

A handwritten signature in black ink that reads "Chermele R. Christy". The signature is written in a cursive style.
