Following Xavier University of Louisiana's re-structuring of departments into divisions beginning Fall 2013, our unit is now the Division of Education and Counseling (DOEC). As in previous years, the Division of Education and Counseling continues to develop a very strong collaboration with school partners from a diverse setting throughout the Greater New Orleans region to include Orleans, Jefferson, St. Tammy, St. Bernard, St. Charles, St John the Baptist, the Recovery School District and Charter Schools. Unit faculty and staff continue to work closely with school partners to ensure quality field experiences to include the initial placement of candidates when they enrolled in EDUC 1000 Teacher Preparation. The Xavier University of Louisiana Professional Development School (PDS) partnership is a collaborative agreement to use collaborative resources of higher education faculty and

P-12 faculty in order to achieve the following: 1) Increase and enhance field experiences for pre-service teachers through the integration of theory and practice; 2) Increase and enhance student teaching internship placements for pre-service teachers; 3) Jointly determining placements for student teaching internships between teachers at a school and faculty at Xavier University of Louisiana with input from student teacher interns; 4) Maximize the achievement of students; and 5: Allow in-service teachers to receive professional development through attendance at in-service workshops offered by Xavier University of Louisiana. In early Spring 2014 DOEC faculty conducted a professional development workshop for the schools in New Orleans for the 21st Century Community Learning Center grant. This teacher professional development workshop addressed classroom management, literacy, and working with exceptional children. The Unit has a memorandum of understanding (MOU) with each school prior to the placement of a candidate for any type of field experience. The scope and sequence of field experiences are planned to optimize both the overall professional growth of the candidates as well as growth of the P-12 students. DOEC faculty, staff and candidates have been inspirational in a grass root effort to provide awareness of the new Common Core State Standards in the local Gert Town community. The Unit hosted a Principals' Advisory Breakfast in conjunction with over 25 local School Counselors 'to discuss various issues and initiatives; such as, the integration of the new Common Core State Standards, DOEC programs and student support services for incoming students.
