Xavier University of Louisiana College of Pharmacy

Homecoming Continuing Education Program

Activity Title: Proteins and Peptides: What Pharmacists Should Know for Diabetes Management
ACPE Activity Number: 0024-0000-26-023-L01-P
Activity Date and Time: November 5, 2026 at 1:00pm
Activity Type: Knowledge-based
CE Credits: 1 hour (0.1 CEU)
Activity Fee: There is no cost for participation in this program.

Xavier University of Louisiana College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Target Audience: This continuing education activity is designed for pharmacists.
Activity Overview: Protein and peptide-based medications are increasingly used to treat a wide range of chronic diseases. During this presentation, presenters will discuss the use of protein and peptide drugs in diabetes management.

Learning Objectives:

- Describe peptide and protein-based therapies.
- Summarize peptide and protein-based therapies used in diabetes management based on their mechanism of action, pharmacologic properties, and therapeutic roles.
- Identify available GLP-1 receptor agonists, dual incretin therapies, insulin products, and amylin analogs with respect to efficacy, dosing, administration, and safety considerations.
- Recognize patient-specific factors that influence the selection of peptide and protein-based therapies for type 1 and type 2 diabetes.
- Review common adverse effects, contraindications, and monitoring parameters associated with peptide and protein based diabetes therapies.

Agenda:
On-Site Registration (Qatar Pavilion Atrium)
Welcome & Introductions
CE Presentation
Questions, Answers, and Discussion

Faculty Information:
Ahlam Ayaad, Pharm.D., Clinical Assistant Professor, Xavier University of Louisiana College of Pharmacy
Ashley Taylor, Pharm.D., BCGP, BCACP, BC-ADM, CDCES Clinical Associate Professor, Xavier University of Louisiana College of Pharmacy

Faculty Disclosures:
All speakers, planners and reviewers report no financial relationships with ineligible companies over the past 24 months.

Requirements for CE Credit: Participants must attend the CE activity and complete an evaluation to receive continuing education credit. You must provide your NABP e-profile ID number to receive continuing education credit. The credit will be placed in your NABP e-profile within 60 days following the program. The deadline to complete the evaluation is December 6, 2026.

Registration: There is no cost for participation in this program. Registration is required. Please register via the following link: https://forms.cloud.microsoft/r/dzJD14842p
