Please review the steps below to earn course placement

Out of State Students (Over 60 miles from New Orleans)

- Complete payment of required admissions deposit
- Submit Standardized Test Scores to the admissions office (SAT, ACT, Accuplacer)
- Submit college credit earnings to the admissions office (IB, AP, CLEP or Dual enrollment)
- Complete placement request form
- Check email for appointed scheduled date to complete exam(s).
- Reach out to Testing Site requested testing to be completed (out of state only)
- Complete testing on specified scheduled dates
- Earn Course placement for a schedule for the Academic Year

To view all approved testing sites in your area to complete Accuplacer testing, please visit our website under the tab "Testing at a Remote Site".

Local Students (New Orleans and less than 60 miles out)

- Complete payment of required admissions deposit
- Submit Standardized Test Scores (SAT, ACT, Accuplacer)
- Submit college credit earnings (IB, AP, CLEP or Dual enrollment)
- Complete placement request form
- Check email for appointed scheduled date
- Complete testing on specified scheduled dates
- Earn Course placement for a schedule for the Academic Year

Upon completing placement testing, scores are reported to the admissions office daily. You will either be sent to the Student Academic Success Office (SASO) or your program department.

FAQS

What is Placement Testing?

Placement testing evaluates your current skill set for accurate course placement.

How to complete placement testing?

Complete the placement testing request form listed on our website.

Are the exams timed?

All exams are untimed.

Can I use a calculator?

No, a calculator will be provided on screen for certain questions.

As a student with accommodations, what process needs to be completed?

You are required to submit an official document stating the accommodations requested to the testing center prior to your scheduled exam.

What does it mean to be test-optional?

Test Optional states you will not submit any standardized test scores and will complete three placement exams for course placement.

What is the requirement in order to complete placement testing to earn a course schedule?

Students must complete the required admissions deposit.

What courses are considered Developmental at XULA?

Reading: [RDNG 0992 Reading and Study Skills](#)

Math: [Math 0990 Preparation for College Mathematics](#)

What happens if I chose test-optional and decide not to complete placement testing?

You will be automatically placed into developmental courses which puts restraints on the number of credit hours to complete in your 1st semester, prolonging your degree matriculation, and unable to indicate a major.

Can I submit my ACT/SAT scores instead of completing placement testing?

Yes. To understand score associations for ACT/SAT, please visit our website. Please note that you will be placed into the courses aligned with course placement.

Are testing scores required for admissions?

No, scores are used for course placement and registration.

When will scores be updated in the system?

Scores will be available via your student account within 48 hours.

Is there a cost for placement testing?

No, there is no associated cost completing the first exam.

As an out of state student, will the remote testing site require a proctoring fee?

Yes, the chosen remote testing site fee varies by site. You will be notified the cost once earned the generated voucher after completing the request form.

Can I retest if I do not score the baseline?

Yes, students have one retest opportunity. The retest fee is \$35.00. *(Please do not pay \$35.00 per each exam, it covers all exams)*

As an out of state student, completing my placement exam(s) at a remote testing site, will I have to send my scores to Xavier?

No, your scores are automatically retrieved based on the voucher received from the testing center.

Is there any study materials for preparation via Accuplacer?

Yes, you can access practice questions via our website.

For more information regarding placement testing, please visit our website or contact us via email at placementtesting@xula.edu.
